IT IS WITH GREAT PLEASURE that I welcome you all to the 17th Asian Gaming Power 50 Black Tie Gala Dinner.

Tonight represents just the second time this event has been held outside of Macau and the first time in partnership with our Venue Sponsor Bloomberry Resorts Corp. It is terrific to be here together with so many of our industry peers in the luxurious surrounds of the Philippines' newest integrated resort, Solaire Resort North.

Having spent some time here earlier this year and on many previous occasions at Solaire Resort Entertainment City, I am familiar with the exceptional service standards the Solaire brand delivers and have no doubt you will all enjoy a wonderful evening here tonight.

The Asian Gaming Power 50 Black Tie Gala Dinner celebrates the best of the best in our industry – those whose vision and tireless efforts have shaped the successes we've enjoyed over the past 12 months. And what a year it has been, with Macau bouncing back in stunning fashion, Singapore continuing to hit new heights and of course the Philippines cementing its place as Asia's most exciting growth market. There are also positive signs across Southeast Asian markets and new markets emerging by way of the UAE and possibly Thailand.

Tonight's theme of "The Place To Be" has many meanings. For one, it highlights the role the Power 50 plays in recognizing the achievements of our industry's leaders, having grown into a must-attend event over the years. Two, it points to the Philippine gaming market which is expanding at a phenomenal rate with the support of regulator PAGCOR. And three, it talks to our venue here tonight, Solaire Resort North, which is literally a beacon of excellence standing high in the Quezon City sky. It is truly special to be here.

Tonight sees the culmination of many months of planning and I extend a heartfelt thank you to all who have played a part, including our wonderful Venue Sponsor Bloomberry Resorts Corp, along with all the other sponsors and the team at IAG. Thanks too to the Power 50 judging panel, who have a herculean task each year. The Power 50 has become an integral part of the annual industry calendar and we couldn't bring you a night like this without their incredible insights.

Enjoy the great networking opportunity, the world-class food and beverage, the fun entertainment, the beautiful surroundings, the fine company and the Power 50 countdown from number 50 to number 1.

Eat, drink and be merry, and have a great night!

About the Big 50

ANXIOUSLY AWAITED EACH YEAR, the Asian Gaming Power 50 is *Inside Asian Gaming's* annual list of the 50 most powerful and influential people in the Asian gaming industry.

The inaugural "Big 50" - as we like to call it - took place in 2008 and over the years has become the definitive list of the industry's most important people. As such the "Big 50" judging panel plays a vital role in the industry and has a responsibility to simply get it right.

The Power 50 ranking methodology was completely overhauled in 2016, with a numerical "Power Score" introduced for each contender in an effort to be more scientific and objective. This proved to be a fair and popular method that continues to this day.

Power Score points arise from a number of factors including the GGR and profitability of the person's organization (or surrogate comparative measures if necessary), a weighted "carving up" of those points between the top senior executives with key policy control of that organization, adjustments for whether the person is hired or has a major equity position, their length of tenure, how active in business initiatives the person has been in the prior 12 months, the long-term gaming pedigree of the person, the jurisdiction in which he or she operates and many more.

Here are some other questions that have arisen during the selection process:

WHAT COUNTRIES COUNT AS ASIA?

The Power 50 list covers the entire IAG APAC coverage region, which we define broadly as approximately one-third of the globe – from the Middle East to the International Date Line.

WHAT ABOUT NON-OPERATORS WHO HAVE A STRONG VOICE IN THE INDUSTRY, LIKE REGULATORS, MEDIA COMMENTATORS, ANALYSTS, ACADEMICS, SUPPLIERS, CONSULTANTS, GAMING LAWYERS AND SO ON?

Over the years we have carefully considered the power wielded by leaders in these industry sectors and concluded firstly that it was impossible to include regulators (PAGCOR's Alejandro Tengco earned his position on the list purely as an operator, not a regulator). Likewise, even taking the power of people in all the other sectors into account, it was only direct operators who made it into the top 50.

HOW DO YOU PICK BETWEEN THE OWNER/CEO AND THE COO OF A COMPANY?

Many gaming companies have a charismatic and entrepreneurial owner/CEO and a perhaps more seasoned and level-headed gaming professional in charge as President and/or COO. By default, being an owner necessarily ranks many more Power Score points. After all, the owner can always force an appointed COO out of his job. But in some instances, a hired COO can effectively wield more power than their "boss" when the owner delegates a very large proportion of decision-making responsibility. The answer is decided on a case-by-case basis.

亞博匯 inside asian gaming iag

Inside Asian Gaming is Asia's leading B2B digital and print media brand for the gaming, resort and entertainment industry. It has the highest website traffic, social media following, digital newsletter distribution and print magazine distribution of any such brand.

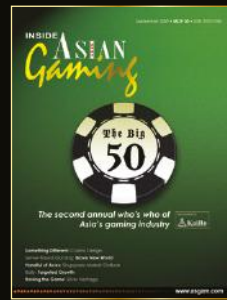

Founded in 2005, IAG has a broad business editorial focus on the Asian gaming and integrated resort industry. It is widely distributed to industry executives throughout Macau and the rest of Asia in two formats: a monthly English and traditional Chinese fully bilingual digital and print magazine and a daily English language e-newsletter titled IAG Breakfast Briefing, delivered at 8am Macau time in English and 11am in traditional Chinese each weekday. IAG also publishes special magazine editions for G2E Asia each May and the Asian Gaming Power 50 each November.

IAG produces all original content. As well as almost always being the first media outlet to publish breaking industry news, the deep domain knowledge our journalists have accumulated from as far back as the 1980s allows IAG to offer highly insightful opinion pieces and analysis of industry news. We do not aggregate media content or copy from other media outlets. Conversely, IAG is often the original source (sometimes credited, more often not!) of many stories published around the world covering the Asian IR and gaming industry.
